

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

BRANCH OFFICES OF SAVINGS BANKS.

At the date of the last report authority had been given to the following banks to establish branch offices for the receipt of deposits only: —

- Berkshire County Savings Bank of Pittsfield, at Stanley Works, Pittsfield.
- Central Savings Bank of Lowell, at North Billerica and North Chelmsford.
- County Savings Bank of Chelsea, at Revere and Winthrop.
- Lowell Institution for Savings of Lowell, at Forge Village and Graniteville in the town of Westford.

During the year ending October 30, 1909, the Central Savings Bank of Lowell discontinued its branches, and the Attleborough Savings Bank of North Attleborough was given authority to establish a branch office at Attleborough.

The business transacted by the banks at their branch offices during the year was as follows: —

NAME OF BANK.	New Accounts opened.	Number of Deposits made.	Amount.
Attleborough Savings Bank . .	109	583	\$59,604 01
Berkshire County Savings Bank . .	21	—*	257 00

Lowell Institution for Savings .	120	1,356	18,705 73

* The treasurer of this bank is unable to give this information. no record having been kept.

GREENFIELD SAVINGS BANK.

On February 9, 1909, the Supreme Judicial Court issued a decree enjoining the bank, until further order of the court, from receiving or paying deposits, but authorized it to invest its funds and protect its property.

A new president and board of investment has been chosen. During the past year the bank has proceeded to dispose of a portion of the real estate holdings which have caused its embarrassment, although the process is slow and the loss considerable.

It is impossible to state when the bank will be able to open its doors for the full transaction of its business, but under the new management it is believed that eventually the depositors will be paid in full.

SAVINGS BANKS CHARTERED BUT NOT IN OPERATION.

The charter of the Hibernia Savings Bank of Boston, approved March 16, 1907, has expired by limitation.

The Italian-American Savings Bank of Boston, chartered March 25, 1908, has not yet organized.

TRUST COMPANIES.

The number of trust companies actively engaged in business November 16, 1909, was 48. This did not include 6 companies in process of voluntary liquidation.

During the past year the following trust companies were incorporated and commenced business: —

Lincoln Trust Company, Boston, capital, \$200,000; began business October 18, 1909.

Naumkeag Trust Company, Salem, capital, \$250,000; began business October 12, 1909.

The Mechanics' Trust Company of Boston and the Hampden Trust Company of Springfield were placed in liquidation during the year.

The following trust companies were in continued liquidation: Adams Trust Company, Boston; Massachusetts Trust Company, Boston; Mercantile Trust Company, Boston; Fitchburg Trust Company, Fitchburg.

In all of these companies under voluntary liquidation, the obligations to both depositors and stockholders have been substantially liquidated, only a nominal amount of assets remaining in each company in the banking departments.

The Hampden Trust Company of Springfield still maintains and operates its trust department, pending the disposition by the Probate Court of its resignation as trustee under all the trusts now held by it.

The Washington Trust Company of Boston has liquidated all funds under its control, and application has been made to the court for dissolution of the company.

CONDITION OF TRUST COMPANIES.

The assets and liabilities of the banking and savings departments of the trust companies on the five dates on which reports were furnished to this department in 1909 will be found on the following pages.

STEAMSHIP AGENTS WHO SELL DRAFTS AND RECEIVE DEPOSITS.

On October 30, 1909, the total number of these bankers who had furnished bonds was 64, and the total amount of bonds furnished was \$622,500. The amount held for safe-keeping was \$560,955, an increase during the year of \$223,366. Of the 64 bankers furnishing bonds, the above amount for safe-keeping was held by 27.

Of the total amount forwarded to Italy, \$385,445 was sent for deposit in the Italian Postal Savings Bank, which was \$92,762 less than the amount sent for this purpose in 1908.

A request is made for an annual report from all persons, partnerships, associations and corporations *supposed* to be engaged in this business, and forms for this report were this year sent to 154, of whom 113 reported sales.

The discrepancy between the number reporting sales and the number furnishing bonds is explained by the fact that many persons selling steamship tickets and also receiving money for transmission to foreign countries are employing as the medium for this transmission the drafts of the steamship companies, and to cover their acts a blanket bond is given to the Commonwealth by these companies.

The following table contains an abstract of the annual reports of these bankers on October 31, 1907, October 31, 1908, and October 30, 1909, showing the amount of money forwarded to the various countries:—

Totals	\$4,300,953	\$4,451,940	\$5,635,722

The total amount forwarded to all countries in 1909, when compared with the total amount so forwarded in 1908, shows a decrease of \$150,987, which is rather surprising, in view of the fact that the figures for the year 1908 were supposed to touch low-water mark. Three reasons are assigned by these bankers for the continued decrease; one being the growing disposition of the people to send their money through the medium of the post office, as the rate of

exchange on small amounts is much more favorable; the second, that the increased cost of living compels the use of more money for home expenses; and the third, that many of these people were so deeply in debt, as a result of little work during the year 1908, that they were compelled to use their money to pay these obligations, rather than to send it abroad. Each of the 27 bankers receiving deposits for safe-keeping had many people on their list to whom they were obliged to advance money, to enable them to live during the winter of 1908-09.

The amount forwarded to Great Britain shows an increase, which is accounted for by the fact that a great deal of the money reported as sent to Great Britain is really sent to Greece and Turkey, the purchasers preferring drafts on London. The amounts sent to Greece and Turkey show an increase, for the reason that these people will not use postal money orders, alleging that the payment abroad is not made in a satisfactory manner.

With but one exception these bankers have met their obligations fully and promptly. Against one banker an injunction was issued, and a receiver for his affairs appointed by the court. It is a good illustration of the efficiency of the law and of the protection which it gives to people who can ill afford to meet with a loss of any part of their savings, that every claim by a depositor against this banker was met in full by the surety company. The trouble in this particular case was brought about, not by dishonesty, but by the depreciation in the value of real estate in which the banker had invested the money deposited with him; but had it not been for the supervision exercised by this department, more serious results might have followed. Losses reaching into the thousands continue to be reported as occurring in other States by reason of the dishonesty of bankers of this class; but a strict enforcement of the statute requiring those engaged in this business to furnish a bond, and careful supervision of them after the bond has been filed, has up to the present date resulted in perfect protection for those people in this Commonwealth whom the law declared should be protected. A great deal of time is necessarily spent in locating and visiting persons who are supposed to be violators of the law; and by so doing a great many undesirable people are prevented from entering into the business, or are made to give it up very soon after entering into it.

The only material change in the law governing this class of bankers is contained in chapter 287, Acts of 1909, whereby certain persons, partnerships, associations and corporations selling the drafts or money orders of transatlantic steamship companies, or of express companies doing an international business, are now required to furnish a bond.

REGISTERED PUBLIC ACCOUNTANTS.

By chapter 399 of the Acts of 1909, it was provided that the Bank Commissioner should have charge of the registration of public accountants under such rules as were necessary, and should register those whom the commissioner deemed to have the necessary qualifications and professional ability. After giving the matter careful consideration, this department requested five public accountants of standing — three of whom were suggested by the Society of Incorporated Accountants in Massachusetts, and all of whom were carefully selected — to recommend what the standard of requirements should be for the registration of public accountants in this Commonwealth.

The department decided that all who wished to be registered should pass the same written examination, in addition to the recommendations of former employers. This examination was held on November 22, 23 and 24, for 60 applicants who presented themselves. Of this number, 45 applicants were accepted, 13 were rejected, and 2 only partially completed the examination.

The law does not require a public accountant to take an examination in order to practise in this State, but when an accountant becomes registered under this act, the certificate is evidence that in the opinion of this department he has proper qualifications to practise as a public accountant.

A number who filed applications to be registered did not appear for examination, and sent a protest to this department against requiring a written examination, on the ground that such an examination is not necessary or appropriate for practising accountants, whose experience and fitness are known to the department or can be readily ascertained from their clients. It seemed to the department, however, that the only proper method was to make the same requirements for all who wished to be registered.

CREDIT UNIONS.

In accordance with the recommendations contained in the report of the Bank Commissioner for the year 1908, chapter 419 of the Acts of 1909 was enacted, providing for the incorporation of credit unions, which are co-operative associations formed for the purpose of promoting thrift among their members. Such an association may receive the savings of its members in payment of shares or on deposit, may lend to its members at reasonable rates or invest the funds accumulated, and undertake such other activities as its by-laws authorize, the purpose of credit unions being to promote thrift in neighborhoods where persons may be willing to help each other in times of necessity, in order that they may not be compelled to pay the exorbitant rates charged by certain money lenders. These associations have been successful in Canada, India and certain European countries. The fundamental principles are:—

1. Only honest and industrious persons are admitted to membership.
2. Loans may be made to members only.
3. A borrower may offer either property or the endorsement of one or more members, as security for his loan.
4. No loan shall be made unless the credit committee approves the object for which the money is to be used.
5. The use of the money for any other purpose renders the borrower liable to expulsion from membership.
6. At all meetings a member has only one vote, irrespective of the number of shares he or she owns.

While several applications have been received, only one association has yet been chartered, the International Credit Union, which has not as yet commenced to do business.

The department has been at work in the preparation of the various details of organization and preparation of satisfactory by-laws, but has not undertaken an active campaign for bringing the advantages of this method of co-operation before those who may be especially interested. It might prove beneficial for labor organizations, industrial associations, and associations whose members are personally acquainted with each other's affairs. During the coming year it is hoped that its advantages will be brought forward more prominently.

FOREIGN BANKING CORPORATIONS.

The number of these corporations doing business in this Commonwealth remains at 2, the same as last year, and statements of both will be found at the end of the report.

SAVINGS BANK INSURANCE.

This report contains the first annual statement covering a full year's operations of the two savings banks which have undertaken life insurance. These two are the Whitman Savings Bank of Whitman and the People's Savings Bank of Brockton.

The policies which have been prepared for the use of the banks are of the following plans: —

(a) By Monthly Premiums.

1. Whole Life Policy, with premiums ceasing at age 75.
2. Endowment Policy, maturing at age 65.
3. 20-Year Endowment Policy.
4. Insurance and Old Age Pension Policy, combining a certain sum of life insurance up to age 65, with a certain sum payable each year thereafter as a life income.
5. Old Age Pension Policy, without insurance, but providing (if desired) for the return of all premiums paid in event of death before the age at which the life income is to begin. These life incomes or "pensions" may be arranged to begin either at age 60 or at age 65.

(b) By Annual Premiums (or semi-annual or quarter-annual instalments thereof).

1. Straight Life Policy.
2. 20-Payment Life Policy.
3. 20-Year Endowment Policy.

The "monthly premium" policies are issued for amounts varying from \$25 to \$500 and are designed to meet the demand of the smallest wage-earner for mere burial insurance, as well as to provide a more substantial insurance for those in somewhat better circumstances.

The "annual premium" policies, however, are issued only in units of \$500, and are taken by the best grade of workmen and persons holding clerical positions. It is not at all unusual for a person to become a holder of two such policies (one in each bank), and thus secure \$1,000 of insurance in all. Under the law a person who is

accepted as a risk for one bank may become a policy holder in any or all of the remaining banks which have established life insurance departments.

In considering the cost of conducting the business, certain expenses, such, for instance, as medical examination fees, are borne by the banks out of the premium income. By reason of the expert service furnished to the banks by the State Medical Director and the State Actuary, the banks are relieved of an expense which in the early years of the business would be burdensome. Under this arrangement the expenses of conducting the business are found to be slightly more than 21 per cent. of the premium income. Over 64 per cent. of the entire expenses consisted of medical examination fees, — an expense which occurs only once in the history of a policy.

The Commonwealth granted an appropriation of \$15,000 for the use in 1909 of the General Insurance Guaranty Fund. This money was spent for printing, for maintaining the State Actuary's and the State Medical Director's departments, and for travelling, incidentals and postage.

The greater part of the business written by the banks has come through large manufacturing concerns, where some form of personal interview was had with wage-earners, and led to their taking insurance. This would not therefore be regarded as over-the-counter business. By "over-the-counter insurance" is usually meant insurance applied for voluntarily by the individual without solicitation. A certain amount of business developed in this way, however, after a sufficient degree of publicity had been given to the scheme. It has been contended from the outset by the supporters of savings bank insurance that the movement would depend for its success as an over-the-counter proposition upon the extent to which the public are or may become informed as to its merits. Of the business in force on October 30, 1909, about 4½ per cent. could properly be regarded as over-the-counter insurance. There are two reasons why this result is not discouraging: first, the plan is almost entirely new, and must be regarded as not yet thoroughly tried. Moreover, the very fact of its newness precludes the familiarity with it that must come from a long and slow process of education. Second, the best thinkers on modern economic questions recognize the importance of a movement of this kind. Many large employers have already shown that they

understand the situation, and have undertaken to point out to their working men and women the principle that provision against old age and premature death is a part of the cost of living. It is to the credit of such employers that they have become interested with such foresight in the advantages which savings bank insurance offers to the wage-earning people of this State.

The favorite kind of insurance seems to be the endowment, particularly the 20-year form. The popular idea seems to be for some form of investment, combined with the insurance protection. This the endowment policy accomplishes.

In comparing costs we must remember that the banks are dealing with industrial people, and that these people are accustomed to paying for small amounts of insurance by *weekly* premiums. The banks collect monthly instead of weekly, and by a group system instead of from house to house. Policy holders in factories pay to the employer (usually through the pay roll), and he in turn remits to the bank the aggregate so collected. In this way the bank saves the cost of collection, and is able to grant the same form of insurance at an average cost of about 24 per cent. less than is charged by the large insurance companies. This statement refers to the ultimate *net* cost as determined by the rate of dividend ($8\frac{1}{3}$ per cent.) declared to policy holders in 1909. In future years the cost will probably be even less, owing to the absence of medical expense on the business after it has reached its second year, since each new year's business must support its own medical expense.

Both banks have been able not only to keep their guaranty funds intact, but have paid interest at the rate of 4 per cent. to the subscribers of the guaranty funds (this being the rate of interest that is paid to savings depositors); the banks have charged themselves with the full legal reserve value, according to the insurance laws of Massachusetts, and have been able to earn a considerable profit in addition.

Section 21 of the act says that: "Savings and insurance banks shall annually set apart as a surplus from the net profits, if any, which have been earned in the insurance department, an amount not less than twenty nor more than seventy-five per cent. thereof. . . . The balance of the net profits shall be distributed equitably annually among the holders of its policies and annuity contracts.

...” Owing to the favorable showing of the two banks, it was decided to distribute only 25 per cent. of the net profits among the policy holders, and set aside as a surplus for the further protection of the policy holders 75 per cent. of the net profits. The net profits distributed among policy holders represent a dividend of $8\frac{1}{3}$ per cent. to such policy holders as will have paid twelve months' premiums. In other words, to those policy holders who have paid twelve monthly premiums, one month's premium will be returned.

The law allows the banks to appoint agencies for the receipt of applications and for the collection of premiums. By virtue of this provision in the act, over 70 manufacturing companies or large employers of labor have become agencies for the banks. The following table shows the 12 agencies that have contributed the largest amount of insurance to the banks, along with the amount of insurance that is in force in each concern: —

Deferred annuities, 32, representing yearly payments of \$5,408.

The question of how our elderly wage-earners can best be taken care of is receiving more and more attention in this country. Many of the largest corporations are trying to solve this problem by establishing a pension fund within their own ranks, the contributions to the fund being paid partly by the employees and partly by the employer. This system will undoubtedly acquire additional adherents as time goes

on. It is believed, therefore, that the insurance departments of the savings banks furnish an admirable medium through which the pension funds of such concerns can be administered. At least one large department store in the city of Boston is considering the advisability of establishing a pension fund among its employees, the contribution to such fund being divided equally between the employer and employee, and the fund to be administered by the savings banks that have established insurance departments.

The apprehension on the part of some savings bank officials, that the establishment of an insurance department in any bank might weaken its savings department either by frightening away depositors or by causing a run on the bank by timid depositors, has not been realized.

People's Savings Bank.

The number of policies issued by the People's Savings Bank during the year was 1,299, the amount of insurance represented being \$539,794. At the close of business, October 30, there were in force 1,034 policies, insuring \$442,670. There were in force, also, 20 deferred annuity contracts, representing annual payments of \$3,404. The bank received in premiums during the year the sum of \$11,272.64, and paid to policy holders \$743, — \$500 of which was a death claim, the first to be incurred under savings bank insurance. An interesting feature of the savings bank insurance movement is well illustrated by the payment of this death claim, as it strikingly exhibits the difference in the amount of benefit paid under this system, from the amount that would have been paid by one of the large industrial insurance companies for a similar policy at the same cost. The death of the insured occurred before his policy had been in force for quite six months; notwithstanding this fact, the full face value of the policy (\$500) was paid to his widow. Had the insured been a policy holder in one of the large industrial companies, the policy would have been written for a face value of \$384; but in view of the death occurring before the policy had been in force for six full months, the amount payable to the widow would have been one-half of this amount, or \$192.

Whitman Savings Bank.

The number of policies issued by the Whitman Savings Bank during the year was 1,710, the amount of insurance represented being \$593,302. At the close of business, October 30, there were in force 1,487 policies, insuring \$550,091. There were in force, also, 12 deferred annuity contracts, representing annual payments of \$2,004. The bank received in premiums during the year the sum of \$14,104.65, and paid to policy holders \$135.06.

SOUTHBRIDGE SAVINGS BANK.

On January 21, 1910, an examination of the affairs of the Southbridge Savings Bank of Southbridge showed that the bank was insolvent through the misappropriation and abstraction of its funds by its treasurer.

A temporary injunction was issued by the Supreme Judicial Court, restraining the bank from further prosecuting its business. This injunction was later made permanent.

The examination disclosed the following statement in place of the one made by the bank in its returns to this department, as shown on page 296:—

Due depositors	\$3,020,466 62
Net assets	2,596,023 73
Deficit	<hr/> \$424,442 89

It is hoped that some arrangement may be made so that the bank will not be permanently closed.

RECOMMENDATIONS.

I hereby make the following recommendations for consideration and action during the ensuing year by the General Court:—

1. Whenever it shall appear to the Bank Commissioner that any corporation or individual banker, subject to the department, should be proceeded against or liquidated for any proper cause, the Bank Commissioner shall have the power to take possession and liquidate the assets of such corporation or individual under proper restrictions and regulations.

2. That the expenses of the Bank Commissioner's department be borne by the corporations and individuals under its supervision.

3. To allow savings banks to loan on policies issued by insurance companies approved by the Bank Commissioner and properly assigned to the bank, at not exceeding 90 per cent. of the cash surrender value of the policies.

4. To amend the law relative to bank buildings so as to require the approval by the Bank Commissioner of further investment of an extraordinary nature in buildings already owned.

5. The law relating to reserve to be held by trust companies to be made more specific, particularly regarding the treatment of time deposits.

6. That the withdrawal value of shares in co-operative banks be put upon a uniform basis.

7. That the presidents of co-operative banks be relieved from signing the orders, checks or drafts for payment.

8. That the auditors of co-operative banks, instead of the board of directors, certify to the annual reports to the Bank Commissioner.

9. That registered public accountants may be entitled to use the word "certified" public accountant, to conform with the practice of other States.

10. That fees received from public accountants be used exclusively to pay expenses in the application of the law relative to their registration.

11. That all loan companies, now under the supervision of this department, may be placed under the supervision of the local police authorities.

12. That section 11 of chapter 114 of the Revised Laws, relating to co-operative banks, be amended so as to permit the investment in the securities named in section 68, clause second, chapter 590, Acts of 1908.

13. That chapter 347, Acts of 1906, relative to foreign banking associations or corporations, be amended.

ARTHUR B. CHAPIN,
Bank Commissioner.

STATEMENT No. 11.

LIST OF LEGAL INVESTMENTS.

The following is a list of bonds and notes which, in the opinion of this department, are now legal investments under the provisions of clauses *second*, *third*, *fourth*, *fifth* and *sixth* of section 68 of chapter 590, Acts of 1908. Clause *second*, relating to investments in public funds, has been applied only to those counties, cities, towns and districts which appear to have bonds or notes outstanding, and from which debt statements could be obtained. Clause *third* is the new general law relating to railroad bonds. Clause *fourth* provides that issues which complied with the old law shall continue, under certain conditions, to be legal investments. The banks may not only continue to hold such bonds, but may invest further in them. In this list the bonds which do not comply with clauses *second* and *third*, but continue legal through clause *fourth*, are printed in italics and the reason in each case is explained in the footnotes. Clause *fifth* relates to investments in street railway bonds, and clause *sixth* to investments in telephone company bonds.

Investment in bonds or notes of cities, towns and districts mentioned in the list should not be made without further inquiry, as both their indebtedness and their valuations for the assessment of taxes are constantly changing.

|| || Legalized by special act of General Court.

* Secured on less than 100 miles of railroad.

NOTE. — Chapter 463 of the Acts of 1906, entitled "An Act relative to railroad corporations and street railway companies," provides, in section 66 of Part II, that "A railroad corporation, unless expressly authorized by its charter or by special law, shall not issue bonds, coupon notes or other evidences of indebtedness payable at periods of more than twelve months after the date thereof to an amount which, including the amount of all such securities previously issued and outstanding, exceeds in the whole the amount of its capital stock at the time actually paid in." As the New York, New Haven & Hartford Railroad Company is a Massachusetts railroad corporation, it is the opinion of the Attorney-General that under either the old or the new savings bank law only those of its issues of bonds, coupon notes and other evidences of indebtedness which, taken in the order of their issue, do not exceed the amount of the capital stock of the company actually paid in, are legal investments for Massachusetts savings banks.

REPORT OF EXAMINATION OF THE GENERAL
INSURANCE GUARANTY FUND.

FRANK H. HARDISON, *Insurance Commissioner*, ARTHUR B. CHAPIN, *Bank
Commissioner, State House, Boston, Mass.*

GENTLEMEN: — We herewith submit report of examination of the General Insurance Guaranty Fund, made in conjunction with the examinations of the banks that have established insurance departments.

The General Insurance Guaranty Fund was created by statute a body corporate, whose affairs were to be managed by a board of seven trustees, appointed by the Governor with the advice of the Council. Its duties were to appoint the State Actuary and the State Medical Director, and each month it was to receive from the insurance departments of the various savings banks 4 per cent. of the premiums actually collected by them during the month, to be held as an additional guarantee for all policy obligations of said banks.

This examination was made July 7, 1909. The General Insurance Guaranty Fund had received \$347.67 from the banks, and had made no disbursements.

It had on deposit with the Franklin Savings Bank of Boston \$275.49, and had in the office of the treasurer \$72.18 that was about to be deposited in the same bank. There are no liabilities outstanding.

The officers and trustees of the General Insurance Guaranty Fund are as follows: —

Dividends shall be treated as deposits, and if not withdrawn shall be considered, in computing the dividend next following, as having been on deposit for the preceding six months. Ordinary dividends

The principal deposits in such corporation may be withdrawn at such time and in such manner as the by-laws direct, but the treasurer of such corporation may at any time require a depositor to give a notice not exceeding ninety days of his intention to withdraw the whole or any part of his deposit. AN ACT RELATIVE TO TRUST COMPANIES.

SECTION 1. Every trust company soliciting or receiving deposits (a) which may be withdrawn only on presentation of the pass-book or other similar form of receipt

which permits successive deposits or withdrawals to be entered thereon; or (b) which at the option of the trust company may be withdrawn only at the expiration of a stated period after notice of intention to withdraw has been given; or (c) in any other way which might lead the public to believe that such deposits are received or invested under the same conditions or in the same manner as deposits in savings banks; shall have a savings department in which all business relating to such deposits shall be transacted.

SECTION 2. All such deposits shall be special deposits and shall be placed in said savings department, and all loans or investments thereof shall be made in accordance with the statutes governing the investment of deposits in savings banks. The duties of the board of investment relative to the investment of such deposits shall be performed by a board or committee appointed by the board of directors of such corporation.

SECTION 3. Such deposits and the investments or loans thereof shall be appropriated solely to the security and payment of such deposits, and shall not be mingled with the investments of the capital stock or other money or property belonging to or controlled by such corporation, or be liable for the debts or obligations thereof until after the deposits in said savings department have been paid in full. The accounts and transactions of said savings department shall be kept separate and distinct from the general business of the corporation.

SECTION 4. The capital stock of such corporation with the liabilities of the stockholders thereunder shall be held as security for the payment of such deposits, and the persons making such deposits or entitled thereto, shall have an equal claim with other creditors upon the capital and other property of the corporation in addition to the security provided for by this act.

SECTION 5. All income received from the investment of funds in said savings department, after deducting the expenses and losses incurred in the management thereof and such sums as may be paid to depositors therein as interest or dividends, shall accrue as profits to such corporation and may be transferred to its general funds.

SECTION 6. All savings deposits which are not now in-

vested in accordance with the provisions of this act shall be so invested, at least one fifth part before the first day of November in each year after the passage of this act, beginning with the year nineteen hundred and nine, and all such deposits shall be so invested before the first day of November in the year nineteen hundred and thirteen.

SECTION 7. Such trust company may at any time require a depositor in said savings department to give a notice not exceeding ninety days of his intention to withdraw the whole or any part of his deposit.

SECTION 8. Every trust company doing business within the commonwealth shall at all times have on hand as a reserve an amount equal to at least fifteen per cent of the aggregate amount of its deposits, exclusive of savings deposits and of time deposits represented by certificates or agreements in writing and payable only at a stated time, but whenever such time deposits may be withdrawn within thirty days they shall be subject to the reserve requirements of this act; and every trust company doing business in the city of Boston shall at all times have on hand as a reserve an amount equal to at least twenty per cent of the aggregate amount of its deposits computed in the same manner.

SECTION 9. Not less than two fifths of such reserve shall consist either of lawful money of the United States, gold certificates, silver certificates or notes and bills issued by any lawfully organized national banking association, and the remainder of such reserve may consist of balances, payable on demand, due from any trust company in the city of Boston authorized to act as reserve agent as hereinafter provided, or from any national banking association doing business either in this commonwealth or in the cities of New York, Philadelphia, Chicago, or Albany; but a portion of such reserve not exceeding one fifth may consist of bonds of the United States or of this commonwealth computed at their fair market value, which are the absolute property and in the possession of such corporation: *provided*, that the aggregate amount of lawful money of the United States, gold certificates, silver certificates and notes and bills issued by any lawfully organized national banking association held by such corporation shall at all times be equal to at least five per cent of the aggre-

gate amount of all its time and demand deposits, exclusive of deposits in its savings department.

SECTION 10. The bank commissioner may authorize any trust company in the city of Boston to act as reserve agent for trust companies doing business in this commonwealth: *provided, however,* that a trust company shall not keep any part of its reserve in a trust company so authorized to act as reserve agent without first obtaining the consent in writing of the bank commissioner. Not less than one half of the reserve of such trust company acting as reserve agent shall consist of lawful money of the United States, gold certificates, silver certificates or notes and bills issued by any lawfully organized national banking association, and the remainder of such reserve may consist of balances, payable on demand, due from any trust company in the city of Boston authorized to act as reserve agent as herein provided, or from any national banking association doing business either in this commonwealth or in the cities of New York, Philadelphia, Chicago, or Albany.

SECTION 11. If the reserve of any trust company is at any time less than the amount which it is required to keep on hand, such trust company shall not make any new loans or investments until the required proportion between the aggregate amount of its deposits and reserve shall be restored. The bank commissioner may notify such trust company to make good such reserve, and if such trust company shall fail for sixty days thereafter so to make good such reserve, he may apply to a justice of the supreme judicial court to appoint one or more receivers to take possession of the property and effects of said trust company and to close up its business, subject to such directions as may from time to time be prescribed by the court or by a justice thereof. If the reserve of any trust company which has been authorized to act as reserve agent is at any time less than the amount which it is required to keep on hand, the bank commissioner may notify such trust company to make good such reserve, and if such trust company shall fail for ten days thereafter so to make good such reserve, said commissioner may revoke the authority of such trust company to act as a reserve agent.

SECTION 12. Section thirty-five of chapter fourteen of the Revised Laws is hereby amended by striking out the

first sentence of the second paragraph thereof and all that part of said paragraph after the word "forty", in the twenty-fifth line, so as to read as follows:— *Section 35.* Every domestic trust company incorporated subsequent to the twenty-eighth day of May in the year eighteen hundred and eighty-eight and subject to the provisions of chapter one hundred and sixteen, shall annually, between the first and tenth days of May, make a return to the tax commissioner, signed and sworn to by some officer of the corporation, of all personal property held upon any trust on the first day of May which would be liable to taxation if held by any other trustee residing in this commonwealth, the name of each city and town in this commonwealth where any beneficiaries resided on said day, the aggregate amount of such property then held for all the beneficiaries resident in each of such places, and also the aggregate amount held for beneficiaries not resident in this commonwealth. Such company shall annually pay to the treasurer and receiver general a tax to be assessed by the tax commissioner upon the total value of such personal property held in trust at the rate determined by him under the provisions of section forty.

SECTION 13. ceeding five times within any calendar year, make a return to said commissioner, signed and sworn to by its president and secretary, treasurer or actuary and not less than four of its board of directors, showing accurately the condition of such corporation at close of business on said day; and said return shall specify the following: capital stock; amount of all money and property in detail in the possession or charge of said corporation as deposits; amount of deposits payable on demand or within ten days; amount of trust guaranty fund; trust funds or for purposes of investment; number of depositors; investments in authorized loans of the United States or any of the New England states, counties, cities or towns; investments in bank stock, railroad stock and railroad bonds, stating amount in each; loans on notes of corporations; loans on notes of individuals; loans on mortgages of real estate; cash on hand, rate, amount and date of dividends since last return, and such other information as the bank commissioner may require. Such return shall be made within ten days, and shall be in the form of a trial balance of its books and shall specify the different kinds of its liabilities and assets, with the amount of each kind, in accordance with a blank form to be furnished by said commissioner and shall be published by and at the expense of such corporation in a newspaper of the city or town in which such corporation is located, at such times and in such manner as may be directed by said commissioner, and in the annual report of said commissioner.

SECTION 14. Chapter three hundred and nineteen of the acts of the year nineteen hundred and seven is hereby amended by striking out the first section and inserting in place thereof the following: — *Section 1.* The stockholders of every trust company doing business within the commonwealth shall elect at their annual meeting an examining committee for the ensuing year of not less than three stockholders, of which neither the president, vice president, secretary, treasurer, actuary nor any member of the executive or finance committee of the board of directors shall be a member.

SECTION 15. Chapter three hundred and fifty-five of the acts of the year nineteen hundred and two is hereby amended by striking out section two and inserting in place

thereof the following:— *Section 2.* The board of bank incorporation may authorize, in writing, any trust company to maintain not more than one branch office which shall be in the city or town in which its main office is located, but the restrictions of this act shall not extend to branch offices authorized by the board of commissioners of savings banks, or by the bank commissioner prior to its passage.

SECTION 1. Every trust company having a savings department, as defined by chapter five hundred and twenty of the acts of the year nineteen hundred and eight, shall pay to the treasurer and receiver general on account of its depositors in such department, an annual tax on the amount of its deposits therein, to be assessed and paid at the rate, in the manner, and at the times specified in chapter fourteen of the Revised Laws and acts in amendment thereof and in addition thereto, for the taxation of deposits in savings banks, except that in the year nineteen

SECTION 2. Every such trust company shall semi-annually make a return, signed and sworn to by a majority of its directors, of the amount of its deposits in the said department, in the manner and at the times specified in section twenty of chapter fourteen of the Revised Laws and in acts in amendment thereof or in addition thereto, for returns by savings banks of their deposits, and shall be subject to the penalties therein provided for failure to make such return or for wilfully making a false statement therein.

SECTION 3. No investment of such deposits exempt in any year from the tax levied by section one of this act shall be in the same year a basis for any exemption from any other tax which trust companies are required by law to pay.

SECTION 4. All deposits taxed under the provisions of section one of this act shall otherwise be exempt from taxation in any year in which said tax is paid.

SECTION 5. This act shall take effect on the first day of January in the year nineteen hundred and ten.

COLLATERAL LOAN COMPANIES.

There are four companies of this character, operating under special charters, and, as provided therein, they have all been examined by an expert accountant, who certifies to the correctness of their annual reports which appear in this volume.

MORTGAGE LOAN COMPANIES.

Globe Investment Company.

The receivership of this company will probably be kept open a few years longer, in order that the many defects continually arising in the titles to real estate, caused by the illegal practices of its old officers, may be adjusted by competent authorities.

National Mortgage and Debenture Company.

As stated in the reports of this department for the past four years, the existence of this company is continued pending the disposition of certain properties in Florida, which constitute its remaining assets.

FOREIGN SAVINGS AND LOAN ASSOCIATIONS.

American Building, Loan and Investment Society of Chicago.

Under date of October 30, 1909, the receiver of this society writes as follows: —

No further distribution has been made to the stockholders of the American Building, Loan and Investment Society since my last report to your office. It is hoped that the affairs of the society may be closed out this winter, when a very small final dividend will be paid.

Minnesota Saving Fund and Investment Company, Minneapolis.

During the year a final dividend of 1.9 per cent. has been declared, and the affairs of this company practically closed. The total dividend paid to Massachusetts stockholders was 49½ per cent.

MISCELLANEOUS.

American Service Union.

In consideration of a fixed monthly payment, this company issues a time contract, in which it guarantees the payment of dues and assessments of the holder thereof in fraternal orders or societies; and, under the terms of the contract the balance of the monthly payments or the investments thereof, are lodged with one or more trust companies or savings banks doing business in this Commonwealth, as security for the matured value of the contract.

On December 27, 1909, the company had on deposit with the Puritan Trust Company of Boston \$5,080.77, and with the Liberty Trust Company of Boston \$24,166.67.

ARTHUR B. CHAPIN,
Bank Commissioner.

SECTION 7. The treasurer shall dispose of and secure the safe keeping of all money, securities and property of

the corporation, in the manner designated by the by-laws, and the treasurer and secretary shall give, subject to the provisions of section fifteen of chapter one hundred and thirteen, such bond for the faithful performance of their respective duties as the by-laws may require.

SECTION 8. The officers shall hold stated monthly meetings at any place in the city or town in which the bank is located. At or before each such meeting every member shall pay to the corporation as a contribution to its capital one dollar as dues upon each share held by him until the share reaches the ultimate value of two hundred dollars, or is withdrawn, cancelled or forfeited. Payment of dues on each series shall commence from its issue.

SECTION 9. A member may withdraw his unpledged shares, after giving thirty days' notice of his intention so to do, written in a book held and provided by the corporation for such purpose. Upon such withdrawal such shareholder shall be paid the balance remaining after deducting from the amount then standing to the credit of the shares all fines, a proportionate part of any unadjusted loss, and such proportion of the profits previously credited to the shares as the by-laws may provide; but at no time shall more than one half of the funds in the treasury be applicable to the demands of withdrawing members without the consent of the directors. The directors may, under rules made by them and approved by the board of commissioners of savings banks, retire the unpledged shares of any series after four years from the date of their issue, by enforcing the withdrawal of the same, and the shares to be retired shall be determined by lot, and the holders thereof shall be paid the full value of their shares, less all fines and a proportionate part of any unadjusted loss. Whenever shares are retired between the dates of adjustment of profits, interest shall be paid upon the full value of the shares for all full months from the date of the preceding adjustment to the date of retirement, at the rate at which profits were distributed at said adjustment. Shares pledged for share loans shall be treated as unpledged shares.

directors, in the manner hereinbefore provided, to comply with the order of said board.

SECTION 10. When each unpledged share of a given series reaches the value of two hundred dollars, all payments of dues thereon shall cease, and the holder thereof shall be paid out of the funds of the corporation two hundred dollars; but at no time shall more than one half of the funds in the treasury be applicable to the payment of such matured shares without the consent of the directors. If any series of shares, pledged or unpledged, reaches maturity between the dates of adjustment of profits, the holders of such shares shall, in addition to the value thereof, receive interest for all full months from the date of the preceding adjustment to the time of payment, at the rate at which profits were distributed at said adjustment; but before the payment of matured shares all arrears and fines shall be deducted.

SECTION 11. The money accumulated, after due allowance for all necessary expenses and the cancellation of shares, shall, at each stated monthly meeting, be offered to the members according to the premiums bid by them for priority of right to a loan, or, if the corporation so provides in its by-laws, the bid for loans shall, instead of a premium, be a rate of annual interest payable in monthly instalments upon the amount desired. Such bids shall include the whole interest to be paid and may be at any rate not less than five per cent per annum. Each member whose bid is accepted shall be entitled, upon giving proper security, to receive a loan of two hundred dollars for each unpledged share held by him, or such fractional part of two hundred dollars as the by-laws may allow. If any money so offered for sale remains unsold, the directors may invest it in any of the securities named in the second clause of section twenty-six of chapter one hundred and thirteen, or may loan it upon first mortgages of real estate situated in this commonwealth, upon the conditions imposed by this chapter, or upon the shares of the bank to an amount not exceeding their value at the adjustment last preceding the time of the loan; but in either case the loan shall be at the highest rate at the last preceding monthly sale of money, and a note shall be given as required by section fourteen.

SECTION 12. Premiums for loans shall consist of a percentage charged on the amount loaned in addition to

interest, and shall be a consideration paid by the borrower for the present use and possession of the future or ultimate value of his shares, and shall, with interest and fines, be received by the corporation as a profit on the capital invested in the loan, and shall be distributed to the various shares and series of said capital as hereinafter provided.

SECTION 13. A borrowing member, for each share borrowed upon, shall, in addition to his dues and monthly premium, pay monthly interest on his loan at the rate of six per cent per annum until his shares reach the ultimate value of two hundred dollars each, or the loan has been repaid; and when said ultimate value is reached, said shares and loan shall be declared cancelled and satisfied, and the balance, if any, due upon the shares, shall be paid to the member.

Interest.
1881, 271, § 1.
cl. 3.
P. S. 117, § 12.

SECTION 14. For every loan made a note shall be given, accompanied by a transfer and pledge of the shares of the borrower, and secured by a mortgage of real estate situated in this commonwealth and unencumbered by any mortgage or lien other than such as may be held by the bank making the loan. The shares so pledged shall be held by the corporation as collateral security for the performance of the conditions of said note and mortgage. Said note and mortgage shall recite the number of shares pledged and the amount of money advanced thereon, and shall be conditioned for the payment at the stated meetings of the corporation of the monthly dues on said shares, and the interest and premium upon the loan, with all fines on payments in arrears, until said shares reach the ultimate value of two hundred dollars each, or said loan is otherwise cancelled and discharged; provided, however, that the directors may accept the shares as sufficient security for loans to an amount not exceeding their value at the adjustment last preceding the time of the loan.

Security.

cl. 1.
P. S. 117, § 12.
1889, 159, § 1.
1894, 342, § 1.

If the borrower neglects to offer security satisfactory to the directors within the time prescribed by the by-laws, his right to the loan shall be forfeited, and he shall be charged with one month's interest and one month's premium at the rate bid by him, with all expenses incurred; and the money appropriated for such loan may be re-loaned at any subsequent meeting.

SECTION 15. If a member purchases money at a lower rate than that paid by him on an existing loan, secured by a mortgage, for the purpose by him declared of reducing

loans on ex-
isting mort-
gage.
1894, 342, § 2.

the premium or rate of interest upon said loan, a new mortgage shall not be required, but an agreement in writing for the reduction of said premium or rate of interest, signed by said borrowing member and the secretary of the bank, with the written approval of the president, shall be valid, and shall not impair or affect the existing mortgage; and thereafter said borrowing member shall make the monthly payments on said loan in accordance with the terms of said agreement, and the amount of money previously so purchased by him may be resold by the bank at the same meeting. The borrower shall before the sale give written notice to the secretary of his intention to re-buy his money. The provisions of this section shall not exempt the re-borrower from paying the interest and premium for the current month on the loan made by him for the substitution of which the new loan is made.

Payment of
loans.
1877, 224, § 11.
P. S. 117, § 14.

SECTION 16. A borrower may repay a loan at any time, upon application to the corporation, whereupon, on settlement of his account, he shall be charged with the full amount of the original loan, with all monthly instalments of interest, premium and fines in arrears, and shall be given credit for the withdrawing value of his shares pledged and transferred as security; and the balance shall be received by the corporation in full satisfaction of said loan. All settlements made between stated meetings of the directors shall be made as of the date of the stated meeting next succeeding such settlement. A borrower who desires to retain his shares and membership may repay his loan without claiming credit for said shares, whereupon said shares shall be transferred to him, free from any claim on account of said cancelled loan.

Partial pay-
ments of loans
on real estate.
1887, 216, § 4.
1906, 280.

SECTION 17. Partial payments of loans shall be received in amounts of fifty dollars or a multiple thereof, and payments of a less amount may be received in such amount as may be fixed by the by-laws. For each two hundred dollars so repaid upon a real estate loan one share of stock shall be released from pledge.

Fines, forfeit-
ure of shares.
1877, 224, § 13.
P. S. 117, § 15.
1896, 285.

SECTION 18. Members who make default in the payment of their monthly dues, interest and premiums, shall be charged a fine not exceeding two per cent a month on each dollar in arrears. No fines shall be charged after the expiration of six months from the first lapse in any such payment, nor upon a fine in arrears. The shares of a member who continues in arrears more than six months

shall, at the option of the directors, if the member fails to pay the arrears within thirty days after notice, be declared forfeited, and the withdrawing value of the shares at the time of forfeiture shall be ascertained, and, after deducting all fines and other legal charges, the balance remaining shall be transferred to an account to be designated the "Forfeited Share Account" to the credit of the defaulting member. Said member, if not a borrower, shall be entitled upon giving thirty days' notice to receive, out of the funds appropriated to the payment of withdrawals, the balance so transferred without interest from the time of the transfer, in the order in which such notices are given. All shares so forfeited or transferred shall cease to participate in any profits of the corporation accruing after the adjustment and valuation of shares last preceding said forfeiture.

SECTION 19. If a borrowing member is in arrears for dues, interest, premium or fines for more than six months, the directors may, after one month's notice, declare the shares forfeited if the arrears then remain unpaid. The account of such borrowing member shall then be debited with the arrears of interest, premium and fines to date of forfeiture, and the shares shall be credited upon the loan at their withdrawing value. The balance of the account may and after six months shall be enforced against the security, and be recovered as secured debts are recovered at law.

P. S. 117, § 16.
1882, 251, § 1.

SECTION 20. No member whose shares are withdrawn, forfeited or retired, shall be charged with fines upon such shares in excess of the profits distributed thereto, and if no profits shall have been distributed to such shares no fines shall be charged thereon. The provisions of this section shall not prevent a borrowing member being charged with fines according to law upon interest and premiums in arrears.

Fines on
shares with-
drawn, etc.
1896, 172.

SECTION 21. No co-operative bank, nor any person acting in its behalf, shall take or receive a fee, brokerage, commission, gift or other consideration for or on account of a loan made by or on behalf of such corporation, other than appears on the face of the note or contract by which such loan purports to be made; but the provisions of this section shall not apply to a reasonable charge for services in the examination of property and titles and preparation and recording of conveyances to such corporation as security for its loans. Whoever violates a provision of

SECTION 22. The general accounts of every such corporation shall be kept by double entry. All money received by the corporation from each member shall be receipted for by persons designated by the directors, in a pass book provided by the corporation for the use of and to be held by the member. Said pass book shall be plainly marked with the name and residence of the holder thereof, the number of shares held by him and the number or designation of the series or issue to which said shares, respectively, belong, and the date of the issue of such series. All money so received shall be originally entered by the proper officer in a book to be called the "cash book," to be provided by the corporation for the purpose, and the entries therein shall show the name of the payer, the number of shares, the number or designation of the series or issues of the particular share or shares so entered, with the amount of dues, interest, premiums and fines paid thereon. Each payment shall be classified and entered in a column devoted to its kind. Said cash book shall be closed after the termination of each stated meeting, and shall be an exhibit of the receipts of all money paid at said meeting. All payments made by the corporation shall be by order, check or draft upon the treasurer, signed by the president and secretary and indorsed by the persons in whose favor the same are drawn. The name of the payee, the amount paid and the purpose, object or thing for which the payment is made, with its date, shall be entered on the margin of said order, check or draft.

SECTION 23. Profits and losses may be distributed annually, semi-annually or quarterly to the shares then existing, but shall be distributed at least once in each year, and when a new series of shares is to be issued. SECTION 29. If, in the opinion of the board of commissioners of savings banks, any foreign association or corporation authorized to carry on the business of a co-operative bank in this commonwealth is transacting such business in a manner hazardous to the public, or its condition is such as to render further proceedings by it hazardous to the public, said board shall revoke or suspend the authority given to such association or corporation and, if it is not authorized to carry on business in this commonwealth, said board shall notify it to cease the transaction of such business. The provisions of this chapter shall not prevent a foreign co-operative bank from loaning money upon mortgages of real estate located within this commonwealth.

For filing and recording such certificate of increase a fee of one dollar shall be paid to the secretary of the commonwealth. Upon the filing thereof the bank without any further requirement shall be authorized to accumulate a capital up to the increased amount designated in such vote.

AN ACT RELATIVE TO LOANS OF CO-OPERATIVE BANKS.

SECTION 1. No co-operative bank shall hereafter make a loan secured by mortgage upon any one parcel of real estate, in excess of five thousand dollars.

SECTION 2. This act shall take effect upon its passage.

[Chapter 392, Acts of 1904.]

AN ACT TO AUTHORIZE THE CONSOLIDATION OF TWO OR MORE CO-OPERATIVE BANKS DOING BUSINESS IN THE SAME CITY OR TOWN.

SECTION 1. If two or more co-operative banks doing business in the same city or town desire to consolidate, a special meeting of the members of each of said banks shall be called, and notice of such special meeting and of the business to come before it shall be sent by the secretary to each member by mail, postage prepaid, at least seven days before the date of said meeting; also by advertising three times in one or more newspapers published in that city or town, and if there be none such, then in a newspaper published in the county in which such city or town is located, the last publication to be at least one day before the said meeting; and if two thirds or more of the members of each of the banks intending to consolidate signify in writing their approval of the consolidation, and if two thirds or more of the members of each of said banks present and voting at such special meeting vote in favor of the consolidation, then the board of directors of each bank shall forthwith petition the board of commissioners of savings banks for authority to consolidate in accordance with the following provisions.

SECTION 2. The said petition shall be in writing, signed for and in behalf of the board of directors of each bank by the president, secretary and treasurer of the bank, and shall have annexed thereto an affidavit signed and sworn to by the secretary stating that the notices of the special meeting have been duly given and that the requirements of section one of this act have been complied with, and the affidavit shall be prima facie evidence that the provisions of the preceding section have been complied with. There shall also be annexed to the said petition a duly attested copy of the records of the meeting of the members of each bank authorizing such action, signed by the secretary, and a duly attested copy of the balance sheet of each bank at the close of business on the last day of the month previous to the date of the petition, signed by the treasurer.

SECTION 3. The board of commissioners of savings banks shall at once select a competent auditor or auditors, who shall make a thorough audit of the books and assets of each bank, which shall include the calling in and comparing of the members' pass-books with the records of each bank. The auditor or auditors shall submit a written report of his or their findings to the board; and the expenses of such audit, provided the consolidation is not finally approved by the board of commissioners of savings banks, shall be borne by the petitioning banks pro-rata to their dues capital, but if the consolidation is approved and carried out the continuing bank shall bear the expense of the audit, legal services and other charges, authorized and incident to the proposed consolidation.

SECTION 4. If the said reports disclose to the board of commissioners of savings banks a condition favorable to consolidation, the order for consolidation may be issued with instructions in detail as follows:—

(a) The assets of each bank shall be turned over to the continuing bank as soon as the order for consolidation is issued by the board of commissioners of savings banks, and the continuing bank shall thereupon assume all liabilities accrued on account of the outstanding shares issued by the bank or banks the assets of which are so taken over, and shall be subject to all the liabilities of the said bank or banks except as otherwise specifically provided herein, and all business thereafter shall be done under the title of the continuing bank except as otherwise provided in section seven of this act.

(b) No more shares shall be sold by the bank or banks that are taken over, but during the life of the series of shares already issued by said bank or banks, and outstanding, separate accounts shall be kept and the monthly payments shall be due and payable under the same conditions as though said bank or banks had not ceased to do business as a separate corporation.

SECTION 5. All liabilities of the consolidated banks for current expenses shall be adjusted and paid by each bank before the consolidation is finally approved by the board of commissioners of savings banks, and a certificate to that effect from each bank, signed and sworn to by its president, treasurer and a majority of its directors, shall be filed with said board and shall be prima facie evidence that such liabilities have been discharged in full.

SECTION 6. At the time of, and upon final approval of, the consolidation, all the offices of the bank or banks whose assets and business are taken over by the continuing bank shall forthwith become vacant and be abolished, and the continuing bank, its officers, by-laws and rules for doing business, shall govern and control in all matters relating to the banks consolidated.

SECTION 7. A new name or the name of any one of the petitioning banks may be adopted as the name of the continuing bank at the special meeting called as provided in section one of this act; and if such proposed name is set forth in the petition to the board of commissioners of savings banks and is approved by said board it shall become the name of the continuing bank upon the final approval of the consolidation without further acts or requirements under the laws of the Commonwealth as to change or adoption of a new name on the part of the continuing bank.

SECTION 8. This act shall take effect upon its passage.

[Chapter 351, Acts of 1907.]

AN ACT RELATIVE TO MORTGAGES OF CO-OPERATIVE BANKS.

SECTION 1. Any co-operative bank shall have authority to insert in its form of real estate mortgage a clause providing that in case of any loss by fire on the mortgaged property in respect to which the fire insurance company or companies shall deny liability as to the insured, the bank shall have the power, at its option, to assign the debt and note for which the mortgage was

given and also the mortgage to the insurance company or companies upon payment to the bank by such company or companies of the amount due upon the mortgage loan at the time of the fire, together with the unpaid interest, premium and fines, if any, accrued thereon at the date of such assignment, less the value of the forfeited shares as hereinafter provided, whereupon the note and mortgage shall forthwith become a note and mortgage for such total balance due, payable upon demand with interest semi-annually at the same rate, including premium, if any, as therein stated, the first payment of interest to be due six months after the date of the assignment, and any shares of the bank pledged as security for the note and mortgage loan shall be forfeited by the bank immediately before the execution and delivery to the insurance company or companies of such assignment, and the withdrawal value of shares so forfeited shall, at the time of the assignment, be credited as a part payment on said mortgage loan, the balance thereof being the balance of the loan due at the time of the assignment to the insurance company or companies as aforesaid.

SECTION 2. Any mortgage note taken under the provisions of this act shall contain proper reference thereto.

BOARD OF BANK INCORPORATION.

[Section 4, chapter 590, Acts of 1908, as amended by chapter 491, Acts of 1909.]

The bank commissioner, the treasurer and receiver general and the commissioner of corporations shall constitute a board of bank incorporation, which shall exercise the powers and perform the duties conferred or imposed upon them by this act and upon the board of commissioners of savings banks by section two of chapter one hundred and fourteen of the Revised Laws, by section twenty of chapter one hundred and sixteen of the Revised Laws, by chapter three hundred and fifty-five of the acts of the year nineteen hundred and two, and by sections three and six of chapter three hundred and seventy-four of the acts of the year nineteen hundred and four.
